- Giving appreciated assets through the foundation is a "win-win" in terms of economy and convenience for both the giver and the charities who ultimately receive grants. One stock sale can fund cash gifts to multiple charities without each of those charities having the hassle and costs associated with the liquidation of small parcels. It's just good streamlined stewardship.

- I appreciate the Great Work the foundation is doing to advance the Kingdom of Christ, as we are all called to do.

- I enjoy being able to give anonymously.
- Giving through the foundation facilitates tax optimization and planning which allows us to be good stewards of what God has trusted us with.
- I give because it is an incredible opportunity for me to be involved in ministry. I haven't been called to go out into the mission field, but I am connected to those who are there because I can support them financially and with prayer.
- The end of the year is rather busy for us, so rather than sifting through and deciding on a multitude of ministries to support, we can make one donation to the foundation. This allows us to then be able to give as led throughout the year from our Giving Fund, without having to worry about tracking all our donations ourselves and then recording them one by one at tax time.
