

## ***Request To Move Giving Fund Relationship Management***

Thank you for making the decision to transition the relationship management of your Giving Fund. For nearly a decade, The National Christian Foundation (NCF) has been encouraging givers to align with an affiliated Local Christian Foundation (LCF) to further their journey of generosity.

By completing this form you are requesting that the relationship management of your Giving Fund be moved to another foundation within NCF's network of affiliated foundations. Your Fund information, including the name, number and giving history will not change. You can continue using your current User ID and password to login to that Affiliate's Donor Website. Please email, fax, or mail your request to NCF for processing.
